

## **Well-attended meeting of CMIG members on Mallorca**

The informal meeting of thirty aviation enthusiasts from the Citation Mustang Interest Group (CMIG) took place in the southwest of Mallorca from October 12-15 in summery weather.

The participants enjoyed the beautiful surroundings, the cheerful and friendly atmosphere and being together with like-minded people and used the time for an intensive exchange of their flying experiences. Of course, light drinks and good Spanish food were not to be missed.

On Saturday, the participants met to discuss technical issues and prepare for the club's next general meeting.
