

Citation Mustang Meeting in Istria a resounding success

At the end of April, the members of the association „Citation Mustang Interest Group“ based in Wuppertal (Germany) met for an exchange of experiences at the 5 Star Hotel Grand Park in Rovinj/Istrian/Croatia, which had just opened.

The 3-day meeting of the members of the CMIG in the hotel’s technically well-equipped meeting room dealt with many topics related to safe and economical flying with the Mustang Jet. In addition to various technical lectures and discussions, the program offered participants an insight into the excellent Istrian cuisine. Especially the truffles and the other local products thrilled everyone.

Pula LDPL Airport provided a dreamlike backdrop and a very friendly, professional handling for the 13 arrived aircrafts. All participants reaffirmed the desire to reuse the unusual hospitality.
