

PRESS RELEASE

Citation Mustang club founding successfully completed

On 29.09.2018 enthusiastic Citation Mustang friends met and completed the founding of the Citation Mustang Interest Group - short CMIG - based in Wuppertal. The board is made up of the spokesman Hans Alfred Kaut, Wuppertal, and his deputy Dr. Till Werner, Worms. The finances are taken care of by Frank Ellerhold, Radebeul. The group starts with twelve members and already represents 29 C510 Mustangs in German-speaking countries. Of course, the association is open to receiving as many members from all over Europe.

Owners, pilots and enthusiasts of the Citation Mustang strive not only to exchange their experiences with this aircraft model, but also to make this special aircraft widely known. The aim of the association is to promote the operation, maintenance and maintenance of the aircraft model C510 in terms of optimal operational readiness. Further goals are in the field of flight operations in the broadest sense, the implementation of flight training and safety training, the general increase in flight safety and the more conscious, energy-efficient flying and the promotion of young talent.

Interested parties already have the opportunity to access the contact details and to see the current statutes and to apply via the registration form on the homepage www.cmig.aero. Gradually, the homepage will be expanded with interesting information about this aircraft model. In that regard, the club is pleased about every contribution, photos and videos on the topic C 510 Citation Mustang. Owners, pilot or friend of this model can become a member of the association.

Wuppertal, October 2018
